July 12, 2020

Good Morning,

As we all know this has been a very long 4 months that we have been dealing with COVID-19. We received results last evening that an employee tested positive. We have striven to be as open and honest with you about all things COVID related. This employee is not a direct caregiver, and has not worked in the Home since July 2, 2020. The individual also wore a face mask at all times while she was here on the 2nd, and had no direct Resident contact.

We are hopeful that since 10 days have gone by with no one exhibiting any signs or symptoms that we may be safe, but we will continue to observe all staff and Residents as we have done for the last few months. If you have any questions or concerns please feel free to contact us at your convenience.

Thank you all for your support during this difficult time in our Home.

Sincerely,

Mother Marie Edward
