Good Evening,

We continue to plug away here at the Home. We completed another round of Resident and staff COVID testing this past Wednesday. We were informed this morning that we have had two employees test positive. One employee works on night shift at our Home and has been removed from the schedule. This morning we completed rapid COVID tests on all Residents on the 2nd floor, the floor where the positive employee worked. All results were negative. We have spoken to all employees who could have had contact with the positive employee and removed them from the schedule as necessary. The second positive employee is new to our Home and has not had contact with any of the Residents. We have removed her from the schedule and have postponed her training at our Home. We will continue our weekly testing for staff and Residents to remain proactive in fighting the virus.

As always, please feel free to contact us if you have any questions or concerns. We are continuing to be vigilant and are doing everything to keep our residents and your loved ones safe. Thank you for your patience and support during this time. Please share this information with any friends or families that may be interested. Sincerely,

Mother Marie Edward & Jenny Nijak, Administrator
