

Little Sisters of the Poor

St. Paul's Archbishop Leibold Home
476 Riddle Road
Cincinnati, OH 45220-2411

Wednesday December 2, 2020

Dear friends and family,

It has been a busy day here at our Little Sisters Home. As I mentioned in an earlier update, we have expanded the Nest, or our Covid Unit.

We now have a 10-room unit which is located on the South side of the 3rd floor. New temporary walls were put up and many room changes have taken place over the last couple of days. We received confirmation late last evening that 5 additional residents have tested positive with the Coronavirus. They have all been relocated to the Nest. We also received confirmation that an additional resident, who is currently in the hospital, has now tested positive. This brings us to a total of 10 residents positive with Covid-19. We will continue to monitor all the residents for any signs or symptoms of COVID and treat appropriately.

We continue to test all our staff twice a week. We tested on Monday and received results last evening that 2 of our staff were positive. They have been removed from the schedules and asked to self-quarantine at home. We also completed another round of staff testing today, and all staff tested were negative. We will continue to test the residents weekly and keep you updated with any new information.

Each floor has the necessary supplies to maintain good infection control practices. We continue to teach and train our staff to ensure proper use of their PPE, as we have been doing for the past many months. We continue to be proactive with our protective equipment and hope to stop the spread of the virus throughout the home.

Please feel free to contact me at your convenience with any questions. I believe that we have some very hard working and dedicated employees that together are doing all they can to stop the spread of this virus. Please keep us all in your thoughts as we continue to do all we can to keep your friends and family members safe.

Thanks,

Mother Marie Edward & Jenny Nijak, Administrator
