Cincinnati, OH 45220-2411

Friday, February 19, 2021

Good afternoon,

Hope everyone is doing well and staying safe. We are continuing to work hard to keep the virus out of our home. We continue to test all employees twice a week and residents once a week. We did have an employee test positive last week, which put us back into “outbreak” mode. There have not been any additional staff or Residents test positive. We are hopeful that the positivity rate in Hamilton County stays under 10% and we will be able to go 14 days without anyone testing positive so that we may entertain the idea of opening up for inside visits for all of you.

We are working on our plan for having friends and family come inside for visits. These visits will be similar to our outside visits. There will be screening, testing, appointments, rules to follow and PPE to wear, but in the end, we hope to be able to provide you with a safe opportunity to visit your family member. We will continue to monitor staff and Resident health so that we can inform you when we will be able to open our doors to you all.

As always, if you would like any additional information or have questions please feel free to contact us at your convenience. Additional information can also be found on our website at www.littlesistersofthepoorcincinnati.org We will continue working together to make this a successful “reopening” for all of us! There will be more details to come as we approach our opening.

Sincerely,
Mother Marie Edward & Jenny Nijak, Administrator
